RENO, Nev. (News 4 & Fox 11) — The Veterans Guest House in Reno is looking to expand its services with a \$4.2 million project.

The non-profit is working with the Nevada Military Support Alliance, which has already committed to raising \$1 million.

ADVERTISING

The Veterans Guest House provides temporary housing to veterans and their families receiving care across the region. It does not receive any public money for its day-to-day operations.

The capital campaign project would allow the organization to expand from a 17-bed facility to one that can hold 33 beds.
