**SPARKS, NV (KOLO)** - The 2nd Annual Victory Run is Sunday, May 19, hosted by Western Environmental Testing Laboratory ([WETLAB](#)).

The 5K fun run will benefit the [Veterans Guest House](#) and every dollar raised will be matched by WetLab. Attendees can walk or run and are encouraged to bring the whole family.

The race will begin at 9 a.m. at WETLAB at 475 E. Greg St. in Sparks, and the route will follow the Truckee River. Runners will receive shirts and swag bags.

Runners and walkers can register for the event [here](#). Raffle tickets are also available for purchase at the WETLAB office and at the event.

WETLAB will raffle off prizes donated from around the community.

“Veterans Guest House is an important part of the northern Nevada community and we are proud to support them and everything they do for our veterans,” said Michelle Sherven, president of WETLAB.

Show your support for this one-of-a-kind home, which provides temporary accommodations for veterans and their families undergoing medical treatment in the area.

WETLAB is a Western Environmental Testing Laboratory in Sparks, with satellite offices in Elko and Las Vegas.
